Dear Mr. Ni:

On behalf of the citizens of Tennessee, I wanted to thank you for your donation of 40,000 disposable masks given through the US China Heartland Association. These masks will help our brave frontline personal combat the immediate and lasting effects of this terrible virus.

COVID-19 has taken numerous Tennesseans from us and has disrupted much of our day-to-day life in the Volunteer State. We asked our citizens and neighbors to respond and give any PPE they could spare to help protect their neighbors during this pandemic. I am grateful for all those who responded to this call with charity as we all work to protect the lives and livelihoods of those in our care.

On behalf of a state grateful for any assistance on the front lines of this virus, I offer my sincere thanks for your kindness and generosity.

Sincerely,

Mr. Fan,

Thank you for your donation of masks. This will really make a difference for the city of St. Louis.

Thanks to your support, we were able to assist families in our communities to be able to go outside with minimal fear of catching the virus.
